

## T i t a n i u m

The same metal that is used in a space shuttle's structure is now available for long-lasting jewelry.

Titanium will not dent or scratch, and is lightweight, non-corroding, and completely hypo-allergenic.

Come and view our new "Inseparables" line of jewelry - two pieces of a ring that are specially formatted to never come apart.

## Is it your anniversary?

Although summer is full of weddings, it is also full of anniversaries. Celebrate yours with a beautiful new piece of jewelry that will last for years to come.
