

La Pousette Earring Backs

Have you ever had to search frantically through carpets or bedspreads to find a favorite earring? La Pousette earring backs are ultra-secure and very comfortable to wear. The back consists of a flat disk that locks onto the post and requires pressure from two sides to remove (squeezing between two fingers).

Brilliant Sapphires

When the seasons begin to turn and the air becomes crisp, autumn colours unfold in abundance. September's birthstone, sapphire, has a colour range as varied as nature's, moving from the well-known blue, to yellow and even pink. It is also a traditional anniversary gift for the fifth and forty-fifth anniversaries.

Come and view our selection of durable sapphire for birthdays, anniversaries, or 'just because'.

Blue and Yellow Sapphire Ring
