STERLING SILVER AND DIAMONDS

One of the newest product lines to come to Mitchell & Jewell, Hot Diamonds is a beautiful, affordable range of sterling silver jewellery set with real diamonds. These beautiful pieces are perfect gifts for those who love the crisp, cool look of silver together with sparkling diamonds.

## Hinged Rings

For people with arthritis, trying to remove a ring over an enlarged knuckle can be quite painful, and can lead to more serious problems if the ring is too tight on the finger. Hinged rings open to slide easily over the knuckle, then snap into place for a comfortable fit.
